Fort Pierce Plays In Pahokee Tonite

The Pahokee Blue Devils are not expected to spoil the plans of the Fort Pierce Eagles for the Suncoast Conference crown as the undefeated league leaders invade Lair Field here tonight, (Friday) to engage the Pahokee eleven in a conference game.

After breezing through Stuart, Lake Worth, Pompano and Belle Glade in easy victories, the Eagles had to extend themselves for the first time Friday night when a stubborn Clewiston line forced them to take to their favorite element, the air, to eke out a 17-13 win over the Tigers. At the start of the season the Blue Devils were completely outclassed by Clewiston, 31-6, and although Coach Webb Fell's team has shown decided improvement since their rout by Clewiston, the mettle of this apparent improvement has not been tested in the flux of battle with a team of Fort Pierce's caliber.

With Coach Hunk Slay's Eagles equally good on the ground or in the air, Coach Fell has had to spread his defense tactics through all phases of the game in the Blue Devil practice sessions this week with emphasis, if any, on defense against the Frank Cheatham-Billy Childress passing combination which even the powerful Clewiston Tigers were unable to break up.

Injuries, always a nightmare to a coach with a small squad, are still plaguing Pell. One of his key defensive men, Jimmy Lee Hoyle, is benched with a shoulder injury and Fullback Pat Turbeville has not reported for practice this week because of illness. Guard Edwin Stuart and Back Wayne Burdshaw, hurt earlier in the season, are still out of uniform. Although Pell reports the rest of his team to be in fairly good condition, he won't predict how long his iron men will be able to hold up against the erosive action of the Eagles' ponderous two-platoon system.

The colorful halftime program being planned by the bands of the two schools will be tops in entertainment.

Road 80 Widening Started This Week

Work started this week on the widening of Road 80 between Military Trail and Loxahatchee. Belcher Oil Company has the contract which calls for an expenditure of \$470,000. County Commissioner Paul Rardin said. The work was sought from the State Road Department by the County Commission in the 1952 budget. Plans call for widening the road four feet on the north side and putting on a new surface.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Young men and women these days who want to become actors have little opportunity for the necessary training, according to Edmund Gwenn, who shares honors with Charles Coburn for being the dean of actors now serving in Hollywood. The 76-year-old recalled that for the first ten years of his acting career he performed in the provinces of England for food and lodging and nothing more most of the time. "It's true it was hard," he said, "but when my chance came I had the tools to make the most of it, which I have been doing for some fifty years. It is a shame that the American

theatre offers so few opportunities for aspiring young actors and actresses. Outside of New York and Hollywood there is little opportunity for training and yet there is a real demand today for trained performers. In all the world there is nothing so tragic than talent unfulfilled. The com-

petition in motion pictures, radio and television have made careers in the theatre more comfortable for some, no doubt, but the opportunity isn't so broad. It's nobody's fault, just a change in the times. Gwenn, who probably is best known to American audiences for his role as Santa Claus in "Miracle on 24th Street," has had a distinguished career on stage and screen on three continents for fifty years, despite the prediction of his father who declared that his son was sure to meet a "mountain's death in the gutter." The senior Gwenn lived to see his son become a leading figure on the London stage and be established in a career which led to world-wide renown. See you at the movies—Mal.

Band Can't Play At Race Track

TALLAHASSEE — The South Broward High School Band may not play at Gulfstream Race Track, it was ruled by Attorney General Richard Erwin.

He said that state laws prohibit all minors, except jockeys, from attendance at Florida race tracks which would prevent the band from appearing.

A proposal was made to permit the band to play before the start of the races and retire before the program began, but was ruled out by the Attorney General.

Seniors Will Sponsor Dance Friday Night

The Pahokee High School Senior Class, at a business meeting at the home of their faculty sponsor, Mrs. Ruth Handley, Tuesday night, with President Wiley Howell presiding, voted to sponsor a dance in the Woman's Club building Friday night following the Pahokee-Fort Pierce football game.

Named on a student committee to work with room mothers and the faculty sponsor in arrangements for the Seniors' annual skip day program were Edwin Stuart, Bonnie Meeks, Bonnie Miller, Janet Shiver, Frances Wilson, Donald Pickett, Alden Chase and Charlene Stuckey, chairman.

A committee was also appointed to select and make arrangements for the annual Senior Class play. This group includes Mike Ginsberg, Arlene Batchelor, Donna Gail Jensen, Martha Cuberson, Elmer B. Elliott, Loda Williams, Jeanie Platt and Charlene Stuckey.

REVIVAL TO START

A revival meeting will start at the Church of God of Prophecy on Canal Point road in Pahokee on Oct. 25 and run for two weeks. Rev. L. A. Johnson of North Carolina will do the preaching. There will be special music and singing each night.

Fish Fry Planned By Sixth Graders

Sixth Grade pupils at the Canal Point school are sponsoring a fish fry with all the trimmings at the Community Park building Wednesday, Oct. 28, from 5:30 to 9:30 p. m., net proceeds to be used by the Sixth Graders to purchase votes for their candidates, Wayne Browning and Katherine Hughes, the Halloween carnival king and queen contest.

There will be musical entertainment during the evening while the supper is being served. The menu will include Lake Okeechobee cat fish fried to perfection, baked beans, sliced tomatoes, potato salad, pie and tea or coffee—all this for \$1 per plate for adults and 50 cents for children.

Sixth grade room mothers in charge of arrangements for the benefit fish fry are Mrs. Floyd Browning, Mrs. Arnold Scruggs and Mrs. Bracewell.

HAPPENINGS IN THE LAKE OKEECHOBEE REGION

25 YEARS AGO

In each community around Lake Okeechobee, there should be a strongly built and elevated house of refuge from floods and hurricanes—this suggestion has been made by Mayor E. G. Sewell of Miami, by an officer of the American Legion at Belle Glade and by an architect of West Palm Beach. Suggestions as to the character of houses in the Everglades have been made by Chief Drainage Engineer F. C. Elliott and many other persons. None of these suggestions have impressed the residents of the Lake Okeechobee region as strongly as the makers of the suggestions probably desire, and the lukewarm attitude of the residents is the result of their conviction that floods are a more frequent and greater menace than hurricanes and they want immunity from floods instead of palliatives of flood conditions.

Two thousand dollars from its relief fund was appropriated by the Jacksonville citizens committee for expenditure in the Lake Okeechobee region for the maintenance of sanitary conditions. The allotment was made on the recommendation of the State Board of Health, the chairman of which had

inspected the flooded districts. Reports that many bodies have not been recovered and disposed of was the reason for the recommendation.

.....
The U. S. Treasury Department is due to get a souvenir of the Everglades flood and will be a party to a money-changing transaction. Cashier J. W. Elliott of the Bank of Canal Point today is sending to the Treasury Department a packet of muck-impregnated currency for redemption in whatever amount seems right, J. W. Vinson, the owner, being that fair about it. Mr. Vinson, section foreman at Forked River, had some currency in a trunk, a one hundred dollar bill and bills of smaller denomination, when the hurricane came. The house was floated off of its foundation and its contents washed hither and yon. A party of section laborers, searching the site of the houses Thursday, found the trunk and in the trunk were the bills, water-soaked, macerated, torn, defaced, etc., in such a manner that when the Treasury Department experts undertake to separate the mass they will have a job they will tell about in official records. Mr. Vinson knows he lost \$300; how much more he lost he won't know until the Treasury Department reports, on the salvage value.

.....
A tent 20 by 20 feet has been purchased by the Jacksonville citizens relief committee and forwarded via West Palm Beach for the use of the relief committee in establishing a community center at Belle Glade. The proposed community center will be used by citizens of the entire area surrounding Belle Glade. The center will be used for recreational purposes and religious services will be held there, it is said.

.....
OBSERVATIONS: Smith agrees with Hoover as to tariff and Hoover

er agrees with Smith as to immigration. The one big issue in this epochal campaign is whether we shall buy our liquor at a licensed store or from a bootlegger.

The north is beginning to realize the disastrous nature of the Everglades flood now that it is experiencing a shortage of snap beans.

.....
"Teaching you the idea how to shoot" is all right but instruction in swimming and resuscitation after drowning is important, too. Well, anyway, the Everglades Fire Control Board hasn't anything to worry about.

.....
COMMUNITY GOSSIP: A Canal Point man has a wife out in Texas. That's the only wife he's got but the hurricane made it seem that he is leading a double life here in Canal Point, for after the hurricane his wife wrote for information about him and a Red Cross worker reported that he and his family were safe, except that a tree blew across his house. His wife's knowledge that there was no tree around his house saved him from suspicion that there was a family.

.....
Last term of school it was said that high school pupils could not buy shine as easily at Pahokee as at Canal Point. It is believed that this year the facilities for purchase will be equal and adequate at both points. If there is any more argument it probably will be as to which town has the best quality—or worst.

.....
"I want a long circuit," a customer of the Canal Point Garage told Olaf Boe this week. "They tell me there is a short circuit in my car and it don't work right, so I thought I'd better get a long circuit."

He has gotten it off of the grade and into the water of the ditch that runs along the track. Christian Science Group Of Canal Point

The fact that death is a mortal dream which disappears with the full understanding of eternal Life will be stressed in Christian Science services next Sunday when the subject of the Lesson-Sermon is "PROBATION AFTER DEATH."

The Golden Text is from Isaiah (9:2): "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

Bible passages include: "The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life;" (Psalms 27:1).

Correlative selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Through great tribulation we enter the kingdom. Trails are proofs of God's care . . . Each successive stage of experience unfolds new views of divine goodness and love" (p. 66).

Safety Education Is Rotary Topic

Some startling statistics on the high rate of traffic accident fatalities in Palm Beach County were given by Cpl. Howell Gillett of Miami, the Florida Highway Patrol's safety education director for 15 South Florida Counties, at last week's Thursday luncheon meeting of the Pahokee Rotary Club.

Introduced by Sgt. E. D. Dugger, head of the FHP Station in Pahokee, the speaker, in pointing out the dire need of more, and still more safety education for motor vehicle drivers, gave statistics showing Palm Beach County is one of the most dangerous counties in the State in which to drive a car.

There were 893 persons killed and 19,068 recorded injuries resulting from motor traffic accidents in Florida in 1952 and out of this total 71 were killed and 790 injured in Palm Beach County. Out of every 100,000,000 miles of highway travel in Florida in 1952 there were 7.3 persons killed, while the death rate in Palm Beach County for the same travel mileage was 13.1. Gillett said a large percentage of the County's traffic accident deaths occur in the Glades area and asked the Rotarians and other civic groups to back the FHP safety education program to the hilt in a concerted effort to reduce the present high rate of accidents in the Glades.

Another amazing fact revealed in Gillett's talk was the high proportion of males being killed in Florida highway accidents. Of the 580 persons killed in Florida highway accidents during the first seven months of this year, 522 were males and 58 females. Not only are more males killed in highway accidents but a large percentage of these men are the highest type professional and business men, Gillett said.

YOUTH FELLOWSHIP

The Pahokee First Methodist Youth Fellowship Group will be host at the annual parent and youth covered-dish supper in the social of the church Sunday, Oct. 25, at 5:30 p. m.

Max Bevelly and his MYF Christian fellowship committee will be in charge of arrangements. They will be assisted by Mr. and Mrs. M. Collins and Mr. and Mrs. Melvin Spooner, adult advisors to the committee.

Planting Plan Is Being Considered

At a meeting of the Hibiscus Garden Circle at the home of Mrs. A. D. Bevelly, with Mrs. John T. Pickett, co-hostess, Tuesday afternoon, Mrs. Don Hillier and Mrs. H. M. McIntosh were appointed on a committee to present a plan to the City Council for regulating and controlling the planting of shrubs and hedges along or near to public sidewalks. It was pointed out at the meeting that in some cases shrubs have been planted so close to the sidewalks that they obstruct passage when left untrimmed.

Welcomed as new members were Mrs. Gene Butler, Mrs. Robert Simonson, Mrs. Roscelle Wilson, Mrs. John Elbon, Mrs. Clarence Ginsberg and Mrs. M. P. Stanley. Drawings of the proposed landscaping program for the Pioneer Park, the development of which is a group project, were approved by the circle. It was announced the circle will again this fall sell holiday fruit cakes as a fund-raising project, orders to be received by Mrs. Frank Shaughnessy by December 1.

Special flower arrangements, making use of croton leaves in combination with orange and yellow flowers, were displayed at the meeting by Mrs. Frank Friend, Mrs. Leo Maxwell, Mrs. Shirley and Mrs. Pickett.

Year books were distributed at the meeting and members were asked to keep records of the number of trees and shrubs planted at their homes and also the time spent in garden club work during the coming year.

Jernigan Circle Has Three New Members

Mrs. R. R. (Bob) Henderson, Mrs. Ruth Batchelor and Miss Elizabeth Caraway were received as new members of the Grace Jernigan Circle, Pahokee First Baptist Woman's Missionary Society, at a meeting at the home of Mrs. C. E. Wooten, with Mrs. Herman Kautz, chairman, presiding.

Mrs. Kautz presented the program, "A Sinful World and A Peaceful Savior," in which Mrs. Alex M. Johnson, Mrs. Carolyn Thompson, Mrs. R. S. Douthett and Mrs. J. L. Humphrey took part. Mrs. Thompson led the devotionals and Mrs. Ellsworth Keen, the closing prayer.

Twirp Twirl Queen Will Be Chosen

The Pahokee High School Junior Class is sponsoring a "Twirp-Twirl" dance in the Community Park building at Canal Point Saturday, Oct. 24, starting at 8 p. m.

A "twirp-twirl" queen will be chosen and crowned at the dance and the boy and girl judged by a committee of three to be the best dancing couple on the floor will receive an award.

The price of admission will be 25 cents per person, with all proceeds to be used to purchase votes for the Junior Class candidates in the Student Council's carnival king and queen contest. The Juniors are backing Marcia Jean Guthrie and Joe Parker as candidates.

The class urges all young people of the Glades area to attend this new and different novelty dance party—come, even if you can't twirp, maybe you can twirl, who knows? Room mothers will help out—with the dance arrangements, we mean, not the twirp-twirling.

McCarthy Supporters To Have Candidate

TALLAHASSEE—Supporters of Governor Dan McCarthy's program will have a candidate to fill out the last two years of his term, but who this will be has not been disclosed. Observers believe that Dan McCarthy's brother John will be the man, but when questioned John McCarthy declined to say he would be a candidate.

"I will fight for Dan McCarthy's principles and program in any role open to me," he stated. "Should I become a candidate it would be only for the two-year unexpired term in order to carry out the Dan McCarthy program," he said.

Brailey Odham who was runner up to Dan McCarthy in the regular election last year said that he "probably would seek election in 1954 to the two-year term."

Charley E. Johns, who was president of the Senate, is now Acting Governor until a successor is named. He said he is ready and willing to run if he is eligible.

Johns was a member of the legislature that increased the salary of the Governor, and under the present law a candidate cannot run for any office if he was a member of the legislature that raised the salary of such office. This would rule out not only Johns but several other members of that legislature who have been mentioned as possible candidates including B. Elliott, Leroy Collins, Robert Floyd, Farris Bryant and others.

Organic Gardening Is Circle Topic

Mrs. M. C. Carter spoke on "Organic Gardening" at a meeting of the Gardena Garden Circle at the home of Mrs. A. R. Harrington in Canal Point Tuesday afternoon, with Mrs. A. R. Chastain, president, presiding. Mrs. J. S. Chastain also gave a talk in which she listed the various minerals needed for vigorous growth of plants in the muck soil of the Glades area. Plans were discussed for the Garden Club's covered-dish luncheon in the Community Park building Oct. 27. Announcements were made of a District Six meeting at the Redland Gardens in Homestead Nov. 13 and a special lecture on church decorative arrangements sponsored by the Belle Glade Garden Club at 2:30 p. m., Oct. 26.

Garden Club Will Have Luncheon Meet

The Pahokee-Canal Point Garden Club will conduct a luncheon meeting in the Community Park building at Canal Point Tuesday, Oct. 27, at 12:30 p. m., with Mrs. Claude L. Shirley, president, presiding. Guest speaker will be H. Leland of the Island Landscaping Co. of West Palm Beach who will give a talk on "Landscaping for the Small Home." All members and other interested persons are invited.

ALTAR SOCIETY

Members of the Altar Society of St. Mary's Catholic Church at a meeting Monday, with Mrs. A. L. Vertommen, hostess, and Mrs. George Mead, president, presiding, discussed plans for purchasing a new altar cloth for the church.

Mrs. Mead appointed Mrs. Gil Gabaldon church custodian for the month of November. It was announced the next meeting of the society will be held at the home of Mrs. J. L. Repper on Bacom Point Road, Nov. 16.

Sorority Planning Girl Scout Aid

The Beta Omicron Chapter of the Beta Sigma Phi Sorority, sponsor of the Girl Scout and Brownie groups in Pahokee, met at the home of Mrs. Norman Kennedy, with Mrs. Manning Keen, co-hostess, Thursday night of last week. On the program, relating to Girl Scout work, Mrs. Clyde A. Canipe gave a talk and showed a film on Girl Scout activities. Mrs. J. T. Boynton gave the history of the Girl Scout movement in Pahokee, crediting Mrs. O. D. Carpenter with the organization of the first Pahokee Girl Scout Troop in 1947.

Mrs. Boynton also gave an demonstration of painting on textiles. Mrs. Frank Handley reported the Pahokee Brownie group has been re-organized for the season, with 22 girls attending the first meeting. The Brownies will have regular weekly meetings at the Pahokee First Methodist Church Wednesday at 2:30 p. m., she said.

The chapter voted to sponsor an ice cream booth at the PTA Halloween Carnival the night of Oct. 31, with Mrs. Ellis Wilkinson to be in charge of arrangements for this project. It also voted to conduct a Christmas interior decoration contest for sorority members only.

Miss Connie Smith, Pahokee High School home economics instructor, was introduced as a guest.

Former Pahokeean Fired By Johns

TALLAHASSEE—Acting Gov. Charley Johns today ordered the dismissal of John E. Stafford as assistant director of the State Beverage Department in charge of law enforcement.

Johns said he felt Stafford's dismissal was to the "best interests" of the department. He declined to amplify the statement.

Johns said he has no one in mind for the \$6,600 a year post at present but hopes to recommend a replacement before Stafford leaves.

Johns said Stafford is the first employee he has ordered fired since he took office following the death of Gov. Dan McCarthy.

Stafford is a former Pahokee resident and for many years was connected with the Lake Shore Supply Company when it was operated by Walter Danson.

PAHOKEE, FLORIDABlue Devils Show
Much Improvement

It's really good to see once again a Pahokee Blue Devil football team on the ball. Coach Webb Pell's 1953 team, after an indifferent start in the Clewiston opener, has blossomed out at midseason into a routin'-tootin', high-scoring outfit that has given local fans plenty to shout about in the last two home games.

In smothering St. Ann's Crusaders, 41-13, Friday night the Blue Devils gave a performance, skilled and free from fumbles, that was a delight to watch. The line was quick to open holes for the speedy backs, its blocking was good and for the most part it was a stone wall on defense. If the linemen work as hard in tonight's game congratulations are in order to Coach Bill Howard.

The team's timing in executing plays was excellent, with quarterback Robert Goodson again showing expert form in his handoffs and pitchouts. The two lads who were receiving the ball most of the time from the Blue Devil quarterback, Halfback Buford Justice and Hal Rosenberg, broke through the Crusader defense time and again, each scoring three touchdowns in the game and two apiece in a wild third-quarter Blue Devil scoring spree. On the defense as line backer Rosenberg broke through to break up Crusader plays so fast, it looked as if he were jet-propelled.

It is our fervent hope the Blue Devils are as fired up in Fort Pierce game tonight as they were in the last two games. Pell's iron men may not have the enduring stamina to conquer the high and

mighty league leaders two-plate system but if the Blue Devils are clicking the Eagles aren't going to find the soft victory they are anticipating, especially if the Pahokee line holds together and the Blue Devils can muster a creditable pass defense. Speedy and powerful backs like Justice and Rosenberg pose a threat in anybody's ball game. If they can ever get in a position to break through to the open field, brother they're gone!

The Esther Class of Canal Point Methodist Church held its regular meeting Monday, October 19. All were asked to bring gifts for the Veterans Christmas families to Miss Sadie Wilson by Sunday October 25. She is taking the gifts to Miami personally. All who are saving newspapers for the class will leave them at the former Jake Cone garage.

Pre-Halloween party was enjoyed by 22 members, all were in costume. Prizes were given to Mrs. Bill Johnson, most appropriate; Mrs. Angus Sims, prettiest; Mrs. Fred Kinsal; most original. Ghost hostesses were: Mrs. W. K. Buchanan and Mrs. C. L. Stuart who served pumpkin cake and coffee.

Mrs. Oliver Hatfield directed the games and they were enjoyed by all. November's hostesses will be Mrs. J. D. Pope and Mrs. O. H. Sheppard.
